David Solomon, Chief Enforcement Division Federal Communications Commission 445 12th St. SW Washington, DC 20554

Re: Leap's 4th E911 Quarterly Report

Gentlemen:

Pursuant to the Commission's July, 2002 <u>Order to Stay</u>,¹ Leap Wireless International, Inc. (and its Cricket Communications subsidiary) respectfully submits its fourth Enhanced 911 ("<u>E911</u>") quarterly implementation report for the period ending August 1, 2003. As you may be aware, Leap filed a voluntary petition for relief under Chapter 11 but, despite our financial restructuring process, we continue to aggressively proceed with the E911 compliance and mandates.

Leap Wireless International, Inc. 10307 Pacific Center Court San Diego, California 92121 T. (858) 882 6000 F. (858) 882 6010 www.leapwireless.com

No. of Copies rec'd 2 List ABCDE

¹ <u>See</u> Revision of the Commission's Rules to Ensure Compatibility with Enhanced 911, <u>Order to Stay</u>, CC Dkt No. 94-102 ¶¶ 28-30 (rel. July 26, 2002) (the "July Order").

1. Status of Pending Requests

As of July 31, 2003, Leap provides Phase I service to **155** PSAPs in 13 states and Phase II to 46 PSAPs in 4 states. We met the mutually agreed upon Phase II extension dates with each of the PSAPs.

In accordance with the FCC public Notice released on June 6, 2003, CC Docket No. 94-102, attached is Appendix A that lists PSAP requests for Phase I or II deployed, pending, and requests for Phase I or II that are not within Leap's coverage area.

Leap has 10 Phase I requests that are currently pending. Two of these Phase I requests are older than six months. Leap is working with the first PSAP in Columbus, Georgia and will be deploying Phase I in August 2003. The second PSAP is located in Union, North Carolina. The deployment of this PSAP was delayed due the LEC not willing to negotiate with us due to our bankruptcy. We also deployed tested and deployed Phase I in Spokane, Washington. However, the calls were terminating after 3 minutes due to an ANM message not being sent on time. We are currently troubleshooting this issue with the LEC and PSAP. The other requests should be deployed on time.

Leap has 11 Phase II requests that are currently pending. Two of these requests are delayed due to the Phase I delay mentioned above. All other requests will be deployed within the 6-month timeframe or a mutually agreeable timeframe with the PSAPs.

3. Status of Handset Deployment

Leap began selling an ALI handset (Kyocera 2325 model) on June 30, 2002. On February 2003, Leap began selling the Motorola v120e model and we exceeded the May 31, 2003 benchmark of 25 percent of new subscribers activating service with ALI-capable handsets. We obtained a 32 percent penetration of new subscribers totaling 111,300 handsets. Since our last quarterly report, Leap has added the following two ALI handsets to their distribution: Motorola T720c and the Kyocera KE413.

* *

As required in the July Order, Leap is providing this implementation report to the Association of Public Safety Communications Officials (APCO), the National Emergency Numbering Association (NENA) and the National Association of State Nine One One Administrators (NASNA). If any recipient of this report should have questions or comments concerning the information contained in the report, they should contact Laurie Itkin, Director-Government Affairs, at 858-882-6226.

Please note that I am an officer of Leap. Please note also that this notarized Report will, in accordance with the July Order, serve as an affidavit authenticating the facts set forth herein.

I swear under penalty of perjury that the facts set forth herein are true and correct to the best of my knowledge information and belief.

Glenn Umetsu

Senior Vice President— Engineering & Operations
